You can also access interactive quizzes, videos, and practice papers to test your knowledge and improve your skills. With TopperHQ, you can save time and effort and focus on what matters most: learning and understanding. Join us today and get ready to score high in your exams

TECH STACK

HTML AND CSS
The whole front end was first designed on Adobe XD and then it was coded like crazy on visual studio code

PYMONGO
We used PyMongo to access our database, which was hosted on MongoDB

FLASK
We used Flask web framework to create our website

MATHJAX
Converting Maths and Science Questions and Answers into a better looking format

BEAUTIFULSOUP4
We used bs4 to scrap websites like vedantu, learncbse, studypath, etc

REQUESTS
We used the reuests library to make requests to the websites which we needed to scrap

STRATEGY AND FEATURES

Important Questions and Answers: Toppers HQ offers a comprehensive collection of important questions and answers for students of class 10.

Summarized Answers: The website provides students with concise and summarized answers

Subject-wise Segmentation: Toppers HQ organizes its content in a subject-wise manner, making it convenient for students

User-Friendly Interface: Toppers HQ is built with a user-friendly interface, ensuring easy navigation and a seamless browsing experience for students.

BUSINESS MODEL

Royalty for Teachers: Toppers HQ will provide a platform for teachers to contribute their notes and study materials.

Paid Listing for YouTube Channels: Toppers HQ will curate a list of educational YouTube channels that provide valuable content to students

Advertising and Sponsorships: Toppers HQ can explore advertising and sponsorship opportunities with relevant educational brands and companies.

E-commerce Store: Toppers HQ can set up an e-commerce store to sell educational books, reference materials, stationery, or merchandise related to education.

FUTURE PLANS

Expansion to Class 12: Toppers HQ aims to extend its services to class 12 students by providing them with important questions, summarized answers, and study materials.

PLAN 1

Comprehensive Coverage of Subjects: The website will continue to offer subject-wise segmentation, ensuring that students in class 12 have access to a wide range of subjects, including Science, Commerce, and Humanities.

PLAN 2

B.Tech Resources: Toppers HQ plans to expand its offerings to cater to B.Tech students as well. The website will provide valuable resources, such as important questions, summarized answers, and study materials, specific to the various disciplines of engineering.

PLAN 3

Our website, Toppers HQ, operates in accordance with national educational policies to ensure compliance and provide a reliable educational platform. We align our content and services with the guidelines and requirements set by the education authorities.

PLAN 4

THANK'S FOR WATCHING
